# Prosman Dakramen

.....sieraden voor uw rieten dak

## De standaard uitvoering:

- Wij gebruiken meranti hardhout, voor een lange levensduur en weinig onderhoud.
- In de ramen is reeds het beste dubbel glas (HR++ isolatieglas) geplaatst.
- Tussen het glas zitten aluminium afstandhouders en aan beide zijden van het glas bevinden zich houten roeden.
- Luxe hang- en sluitwerk; de modellen P90, P110 en P330 hebben een meerpuntssluiting met ventilatiestand. Het raam kan helemaal geopend worden. Alle overige modellen hebben respectievelijk 1, 2 of 3 draai-/kiepramen.
- De dakramen worden af fabriek 2x wit gegrond geleverd.
- Prosman Dakramen zijn snel leverbaar, meestal uit voorraad.
