- **insektenhorren**
- **gordijnroeden**
- **maatwerk volgens uw wensen**

Prosman Dakramen

...sieraden voor uw rieten dak

P190

De standaard uitvoering:

- Wij gebruiken meranti hardhout, voor een lange levensduur en weinig onderhoud.
- In de ramen is dubbel glas (HR++ isolatieglas) geplaatst.
- Tussen het glas zitten aluminium afstandhouders en aan beide zijden van het glas bevinden zich houten roeden.
- Luxe hang- en sluitwerk; de modellen P90, P110 en P330 hebben een meerpuntssluiting met ventilatiestand. Het raam kan helemaal geopend worden. Alle overige modellen hebben respectievelijk 1, 2 of 3 draai-/kiepramen.
- De dakramen worden af fabriek 2x wit gegrond geleverd.
- Prosman Dakramen zijn snel leverbaar, meestal uit voorraad.

Valraam met ventilatiestand bij de modellen P90, P110 en P330.

De draai-/kiepramen op alle overige modellen zijn gemakkelijk van binnenuit te reinigen.

Shutters

Nieuw

Shutters

Getoogde dakramen zijn schitterend, maar bijpassende raamdecoratie en zonwering is vaak lastig te realiseren.

Vanaf nu levert Prosman Dakramen voor al haar standaardtypen dakramen shutters.

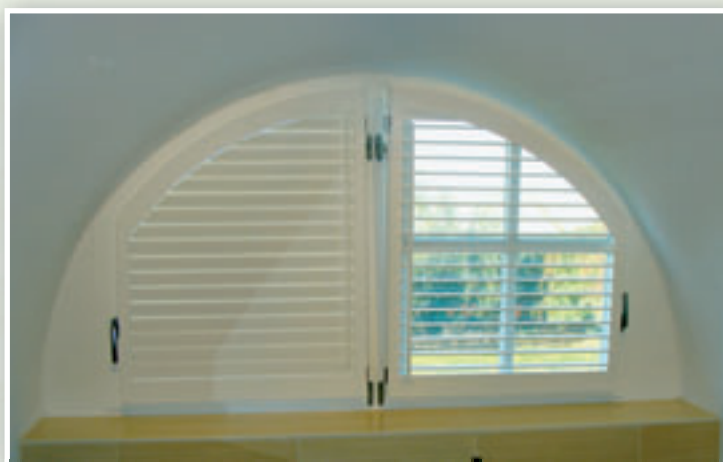

Zo regelt u op een efficiënte en elegante manier uw privacy en de hoeveelheid lichtinval.

Uitvoering:

- De shutters zijn gemaakt van hout.
- Standaard kleur wit.
- Montage op de ramen met een schroef/kliksysteem.
- Ramen kunnen na montage van de shutters nog steeds op de kiepstand gezet worden.
- Lamellen van 63mm.
- Inclusief montagehandleiding.
- Eenvoudig te verwijderen om bijv. te reinigen.

Optie:

- De shutters zijn ook in andere RAL-kleuren leverbaar.

Getoogde gordijnroeden

- Uniek gebogen gordijnroeden voor alle getoogde Prosman Dakramen.
- Compleet geleverd: getoogde gordijnroede, montagesteunen, 2 sierknoppen, bevestigingsmateriaal en handleiding.
- Houtsoort: beuken, overschilderbaar in iedere kleur.
- Uit voorraad leverbaar.

Insektenhorren

Geen muggen, vliegen en andere insekten in huis!

- Past optisch onopvallend bij uw dakraam.
- Goede ventilatiemogelijkheden zonder insekten in huis.
- Gemakkelijk te plaatsen en te verwijderen.
- Leverbaar voor alle standaard Prosman Dakramen (1 raamhor per dakraam).
- Meranti houten raamwerk met zwart horrengaas.
- Inclusief sluitingen en montagepeppen.
- Meranti raamwerk 2x wit gespoten, overschilderbaar in uw kozijnkleur.
- Uit voorraad leverbaar.

Speciale Dakramen

...bij ons geen probleem

Enkele mogelijkheden

Speciale wensen zijn te realiseren binnen enkele weken:

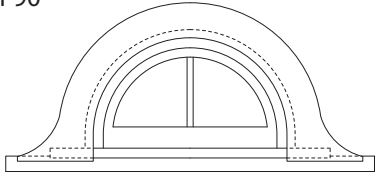

- In vele RAL-kleuren leverbaar.
- 1 of meerdere extra tussenramen.
- Een bredere tussenstijl of blinddeel t.b.v. een scheidingswand.
- Geen roeden, andere roedenverdeling of sierroeden tussen het glas.
- Andere houtsoorten: mahonie, lariks, grenen en eiken.
- Afwijkende kozijnmaten/ontwerp.
- Naar buiten openslaande ramen.
- Montage ventilatierooster.
- Plaatsen geluidswerend, zonwerend of veiligheidsglas.
- Veiligheidshang- en sluitwerk.
- **HR+++ glas (K-waarde 0,7).**
